## PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei  
If the people of Kona support it than I do too.

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive. Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

How will you support this initiative?

It depends upon where - here in Puna, public wants the old railroad right of way to be used as an alternate road because we only have 1 way in and out

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

How would you support this initiative?

The pilot project just started. I want to wait and see whether there are any problems before supporting any expansion.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

Yes

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

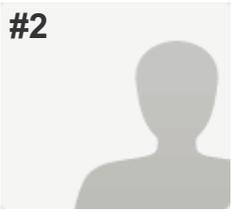

Yes

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

Yes

**PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input**

---

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei  
Public, private, volunteer partnership.

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive. Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes,

How I will support PATH's Alii Drive Initiative  
Public, private, volunteer partnership.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative?  
Public, private, volunteer partnership.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative?  
Public, private partnership.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,

What would you do to move this initiative forward?  
Ask whoever developed the plan to update it.

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

How would you support the continuation of this initiative?

Unknown - need to know more about the Council.

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

No

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

How would you support passage of this law?

Unknown - need to know more about proposed law.

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

Yes,

How would you support the continuation of this funding?

Leave it up to individual principals to determine need.

---

---

PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input

---

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei This project is an ambitious and much-needed addition to make Kona healthier and more bike and pedestrian-friendly, and i wholeheartedly commit to supporting it in any way possible. Some ways I can help include facilitating partnership with the State DOT, helping to secure funds through the State's grant-in-aid process, and submitting letters of support for any other grants that PATH applies for. And, of course, I am happy to volunteer my personal time whenever there is an opportunity to do so! Mahalo to PATH and all involved for getting this going!

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive.Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes,

How I will support PATH's Alii Drive Initiative As in the answer to the above question, at the State level I could help secure funding through the grant-in-aid process. Ali'i drive is a county road, so they have jurisdiction, but I will work with the county as needed to lend my support to this. In addition, in 2013, I helped to organize a walking audit of downtown Kailua with Dan Burden of the Walkable and Livable Communities Institute, which helped to further this discussion with one of the nation's leading experts on these kinds of projects.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative? If the railway in consideration is in the State's jurisdiction, I can help to facilitate the conversion process through legislation. As above, I would also support a grant request.

---

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative?  
I am very excited for the bikeshare that is coming to Kona soon! It will be interesting to see what kind of use it gets, and go from there in determining how to best expand it. I can support requests for funding from the State if needed.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,

What would you do to move this initiative forward?  
Yes, plans in general should be updated at regular intervals so that they remain relevant and useful. In addition, I think that at both the county and state levels, there should be a planner position within the DOT/Public Works Departments. Right now, there are a lot of engineers, which we need, but a planner would help to ensure that the big picture and our long-term goals remain part of the discussion when individual projects are being considered.

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes,

How would you support the continuation of this initiative?  
Yes, absolutely. This advisory council has proven to make a difference in influencing the administration, and should be continued.

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

Yes

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

Yes,

How would you support passage of this law?  
Yes, many States have this and we should too. I have supported such legislation in the past, although we have yet to get a majority to agree in the legislature. I will continue to support and introduce bills for this and other measures to make our streets safer and more welcoming for cyclists and pedestrians.

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

Yes,

How would you support the continuation of this funding?  
As a State Representative, I don't have authority over the county budget, but I have developed good working relationships with our council and can express my support of this. In addition, I will work with the State DOT to ensure that they are using federally available funds for Safe Routes to School (through the Transportation Alternatives Program), and not letting those opportunities go to waste, as has happened in the past.

**COMPLETE****Collector:** Email Invitation 2 (Email)**Started:** Thursday, June 23, 2016 2:42:23 PM**Last Modified:** Monday, June 27, 2016 8:54:06 PM**Time Spent:** Over a day**First Name:** Pete**Last Name:** Hoffmann**Email:** petehoffmann@hawaii.rr.com**IP Address:** 98.155.62.22

---

**PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input**

---

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei Combination grant moneys, public-private partnerships, and County bond moneys if required. ...

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive. Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes,

How I will support PATH's Alii Drive Initiative I support this initiative, but I would request public input to assist in bringing this effort to fruition. A multi-modal corridor is an outstanding concept and should be adopted, but I would want to insure that the potential of sea level rise would not endanger the public's investment in this project in the not too distant future.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative? Purchase of right of ways when feasible, agreements with local landowners, public outreach to promote the use of these pathways, signage, cultural and historical markers. The Pratt Road project of the North Kohala community is a good first step in this effort.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative? I'd like to see bikeshare greatly expanded in all resort areas and in Hilo to include local residents. County designation of more bikeways in urban areas (downtown Kailua-Kona) to reduce traffic along narrow, congested streets, construction or parking lots from which residents could pick up bikes for short distance transportation into congested areas, outreach to tourists upon arrival at airports, are only a few of the ideas that as Mayor I would examine for implementation.

---

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,

What would you do to move this initiative forward?  
I would exercise the political will and leadership to make this happen. The Mayor must be a strong advocate for this plan. The plan should be updated and included as part of the County's overall Master Transportation Plan.

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes,

How would you support the continuation of this initiative?  
I would consider this as a part of our Blue Zone Project and other health related ideas for our population. I believe we have a number of very smart and useful concepts on the table at the moment and I would initiate a working group to insure we don't have unnecessary overlap in these programs.

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

Yes

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

Yes,

How would you support passage of this law?  
Public advocacy, support outreach to drivers both locals and visitors, insure inclusion in driver's education classes for all people, as well as working closely with the County Council to insure an effective piece of legislation is drafted.

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

Yes,

How would you support the continuation of this funding?  
I'd first request that Council members review the requirements for resourcing within the scope of their discretionary funds. If further funding is required then the County can look to grant assistance.

## PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei Work with the Community and Native Hawaiians.

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive. Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes,

How I will support PATH's Alii Drive Initiative Using Community groups. Making sure we have regular folks take part in the planning.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative? Pedestrian/Walkers and Bicycle pathways, planned for cost.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative? Must have the numbers of Community Support. Again Cost!

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,

What would you do to move this initiative forward? I would review and update the plans with the Community.

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes,

How would you support the continuation of this initiative? I would review what was done. Before plans for the next step.

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

Yes

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

Yes,

How would you support passage of this law?  
With report to HPD of a motor vehicle not following the Laws.

---

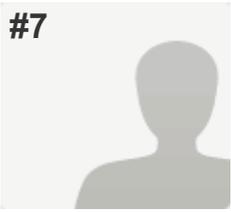

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

Yes,

How would you support the continuation of this funding?  
Ask DOE and our Hawaii Island Senator and Rep. to Support this Program with the County.

---

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei In ways that you suggest. You are the experts and I welcome your guidance. Please note -Jerry Rothstein is my primary political mentor and inspiration. I joined him for many rallies and worked with hi politically.

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive.Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

no,

How I will support PATH's Alii Drive Initiative In ways that you suggest. You are the experts and I welcome your guidance.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative? I am actively advocating for this! See Hawaii Tribune herald 6/26/16, and my upcoming response. I have been the most vocal advocate of converting Railroad to a ped/bikeway.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative? In ways that you suggest. You are the experts and I welcome your guidance.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,

What would you do to move this initiative forward? In ways that you suggest. You are the experts and I welcome your guidance.

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes,

How would you support the continuation of thisinitiative? In ways that you suggest. You are the experts and I welcome your guidance.

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

---

Yes

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

---

Yes,

How would you support passage of this law?  
In ways that you suggest. You are the experts and I welcome your guidance.

---

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

---

Yes,

How would you support the continuation of this funding?  
In ways that you suggest. You are the experts and I welcome your guidance.

**COMPLETE****Collector:** Email Invitation 2 (Email)**Started:** Thursday, June 30, 2016 2:24:28 PM**Last Modified:** Thursday, June 30, 2016 2:30:15 PM**Time Spent:** 00:05:46**First Name:** David**Last Name:** Tarnas**Email:** davidtarnas@hawaii.rr.com**IP Address:** 72.130.146.219**PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input****Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei I would advocate with the State and other partners to secure the support needed to construct it.

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive. Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes,

How I will support PATH's Alii Drive Initiative I would advocate for making design improvements to Ali'i Drive so that it is a safe multi-use corridor. This could be done through the Complete Streets initiative with support from the County and State.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative? I have been working with the Kohala Rails-to-Trails project and look forward to the final report on the project to know what steps are needed to make this project a success.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative? I would advocate with the State and County to help underwrite the costs in partnership with private organizations.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,

What would you do to move this initiative forward? I would personally advocate for this with the State administration, and if necessary I would introduce legislation stating that it is a legislative priority that the agencies update the plan.

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes,

How would you support the continuation of this initiative? I would encourage the new Mayor to continue operating this Council.

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

---

Yes

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

---

Yes,

How would you support passage of this law?  
I would support legislation to implement this policy.

---

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

---

Yes,

How would you support the continuation of this funding?  
I would advocate that funding be provided through the Education budget for this purpose, and work in coordination with the Counties to make it happen.

---

**COMPLETE****Collector:** Email Invitation 2 (Email)**Started:** Tuesday, July 05, 2016 8:17:46 AM**Last Modified:** Tuesday, July 05, 2016 8:55:55 AM**Time Spent:** 00:38:09**First Name:** Sue**Last Name:** Lee Loy**Email:** sue@voteleelay.com**IP Address:** 66.8.145.243

---

**PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input**

---

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei  
As a member of the Council I would support these types of trail projects by including and supporting them as a goal or objective in the County of Hawaii General Plan and the respective Community Development Plans. These types of policy also helps us with two State initiatives; Complete Streets and Sustainable Energy Policy of 2045. Helping our community get health and reduce our dependency on fuel is a win-win for future generations.

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive. Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes,

How I will support PATH's Alii Drive Initiative  
Yes, I support Alii Drive as a multi modal corridor. Complementing areas that support our visitors experience with local use and business stimulation is a large step to a healthy community and vibrant economy. As a member of the Council refining various road policies and ordinances within the Alii Drive corridor would be one way to support this goal.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative?  
Yes, I support bike pathways, however, I would like to concentrate on areas or corridors that would have an immediate impact to reducing crowding on high traffic roadways that have no area for expansion. In addition the Council/Administration should consider use of the Open Space Fund to purchase some of these abandoned right-of-ways.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative?  
Yes, I support bike share and again, would concentrate on areas or corridors that would have an immediate impact. I would support this program by ensuring these corridors with little slope and grade are given additional consideration for road maintenance and resurfacing.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,

What would you do to move this initiative forward?  
This policy amendment should be dovetailed into work currently done with the General Plan Update

**Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes,

How would you support the continuation of this initiative?  
As a member of the Council it would be ideal to have more residents participate and I would advocate for a larger Council.

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

*Respondent skipped this question*

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

Yes,

How would you support passage of this law?  
Safety is for everyone. Education is the best defense and I would encourage more efforts place on educational pieces in the schools and during driver education to address good sound road safety.

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

Yes,

How would you support the continuation of this funding?  
Yes, again, education is the best defense. Education would also mean that sometimes the safest route is not the shortest route and providing policy language for roadways that support safe routes would be my way of supporting this program.

**PAGE 1: The members of PATH~ Peoples Advocacy for Trails Hawaii wish to have your input**

**Q1: Do you support the development of the Queen’s Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,  
 How I will support the development of Queens' Lei Fundraising, volunteering and overall support of any efforts by PATH

**Q2: Ali’i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali’i Drive.Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali’i Drive, and if yes, how would you support it?**

yes,  
 How I will support PATH's Alii Drive Initiative I will listen and assist.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,  
 How will you support this initiative? I will listen and assist. If state has a role, I would be an advocate and facilitate if necessary.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,  
 How would you support this initiative? I will listen and assist.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

Yes,  
 What would you do to move this initiative forward? I will listen and assist.

**Q6: Would you support the continuation of the Mayor’s Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?**

Yes,  
 How would you support the continuation of this initiative? I will listen and assist

**Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.**

Yes

**Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?**

Yes,

How would you support passage of this law?  
I have concerns about meeting the requirement when two cars are passing on roads which have inadequate shoulders. A good start would be identifying a first tier of roads to evaluate and bring up to a standard that meets the three foot passing law.

---

**Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?**

Yes,

How would you support the continuation of this funding?  
I will listen and assist.

---

**Q1: Do you support the development of the Queen's Lei 16.7 mile Loop Trail, and if yes, how?**

Yes,

How I will support the development of Queens' Lei I was honored to be able to help support the opening of the 1st mile of the Queens Lei. I will continue to look for ways to fund the project including the use of my district contingency funds.

**Q2: Ali'i Drive Initiative is a collaboration between public and private agencies and individuals to create a safe, comfortable multi-use corridor along Ali'i Drive. Are you in favor of the concept of creating a safe, comfortable multi-modal corridor along Ali'i Drive, and if yes, how would you support it?**

yes,

How I will support PATH's Alii Drive Initiative I support the bike share program for Alii Drive and will continue to work with the Department of Public Works and the Administration to improve bicycle and pedestrian safety.

**Q3: Are you in favor of converting abandoned railroad right of ways into pedestrian/bicycle pathways, and if yes, how would you lend support?**

Yes,

How will you support this initiative? Hawaii Island has a unique opportunity to become a bicycle and pedestrian friendly island. The idea of converting old railway easements is something I would definitely like to look at.

**Q4: Would you support the expansion of the bikeshare pilot project on Hawaii Island. If so how would you support it?**

Yes,

How would you support this initiative? Working with the department of Research and Development as well as Public Works we can expand the bike share pilot program. Pooling Councilmembers contingency funds would also be an important component.

**Q5: Do you support the updating and implementing the County of Hawaii BikeWay Plan first developed in 1979**

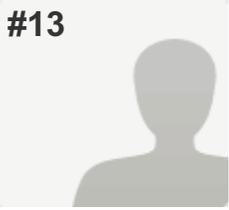

Yes,

What would you do to move this initiative forward? Given the focus on healthy communities, I believe this would be a good time to introduce a resolution to re-look at the 1979 recommendations.

---

<b>Q6: Would you support the continuation of the Mayor's Active Living Advisory Council, a PATH initiative to promote healthy living and active transportation for Hawaii Island residents?</b>	Yes,  How would you support the continuation of this initiative? I will work with the next administration to make sure that the Active Living Advisory Council continues its work.
<b>Q7: Would you support the addition of a Balance Transportation Coordinator to the County Government. This position would work with County Planning, Public Works and Mass Transit to develop a County wide transportation plan.</b>	Yes
<b>Q8: Do you agree with a three foot passing law to ensure adequate distance between a motor vehicle and a bicyclist/pedestrian during the act of passing?</b>	Yes,  How would you support passage of this law? I would be willing to take a look at legislation passed by other municipalities to see how we can accommodate a safer and wider passing distance.
<b>Q9: Do you agree that funding from the County for elementary school bike/ pedestrian safety programs and Safe Routes to School coordination should be continued?</b>	Yes,  How would you support the continuation of this funding? PATH has been very successful in partnering with the county to find grant money to implement Safe Routes to School programs. I would definitely like to see this relationship continue.
